Form This application is for a four-year Wisconsin Notary Public commission. An United States resident licensed to practice law in Wisconsin may be eligible to apply for a permanent commission. See the "Permanent Commission Application" for complete information.

General Requirements In order to become a Notary Public under §137.01, Wisconsin Statutes, you must be an United States resident 18 years of age or older, have at least the equivalent of an eighth grade education, be familiar with the duties and responsibilities of a Notary Public, and not have an arrest or conviction record which is unacceptable under Wisconsin Statutes. (Note that under current law, persons convicted in state or federal court of a felony, or persons convicted of a misdemeanor involving a violation of the public trust, may not be commissioned as Notaries Public for the State of Wisconsin unless they have been pardoned of the conviction.) **You must buy an engraved official seal or official rubber stamp, and submit this application, \$20 filing fee, a completed bond and a completed oath of office to the Office of the Secretary of State. For suppliers, check the yellow pages in the telephone book under "office supplies", "rubber stamp suppliers", or "seals". **The seal or stamp may be of any size, but must state only the words "Notary Public", "State of Wisconsin", and your printed name. Any Wisconsin notarial seal in use by August 1, 1959 shall be considered in compliance. Initials, or a shortened first name may be used. If you have held a previous commission and are reapplying and employing a seal/stamp previously used, be certain your seal/stamp impression is still totally clear and legible. If necessary, affix the impression on a separate piece of paper and attach it to your application. Do not affix other seals/stamps (as those showing county or expiration dates) on the application form, as these seals/stamps are not considered "official" notary seals, and may not appear on the application.

INSTRUCTIONS - READ CAREFULLY

All persons applying or reapplying for a four year notary public commission must buy a \$500 bond from an insurance company. Although many people had personal sureties in the past, the law has changed, and an individual person can no longer act as surety. Contact the insurance company of your choice. The State of Wisconsin does not provide bonding and cannot recommend specific insurance companies. This bond form, or a bond form supplied by an insurance company, must be completed and submitted to the Secretary of State's Office as proof that you have bought a bond. Any bond form supplied by an insurance company must be in a format previously approved by this Office. The insurance company you choose to supply your bond must be qualified to write surety bonds in Wisconsin.

Notary Applicant: Complete #1 through #6. #1 must be an original signature.

Surety: Complete #7 through #13. #9, 10 and 11 must indicate surety company's information, rather than local insurance agency's name and address. For #13, if a seal or stamp is affixed, the name of the surety company on the seal or stamp must match the name listed in #9. If a power of attorney form is used, the representative's name as signed in #7 must appear on the power of attorney.

NOTARY PUBLIC BOND

KNOW ALL TO WHOM THESE PRESENTS SHALL COME, that we (notary applicant and surety), jointly and severally, undertake and agree that the notary applicant, upon appointment to the office of Notary Public, will faithfully discharge the duties of said office according to law, and that the surety will pay to the parties entitled to receive the same, such damages, not exceeding the aggregate FIVE HUNDRED DOLLARS (\$500) as may be suffered by them in consequences of the failure of the notary applicant herein to discharge his or her duties as a Notary Public.

COMMON REJECTION PROBLEMS

THE TOP TEN LIST

1. Seal/stamp sample required concentrated squinting to detect all letters.

PROBLEM: Seal/stamp sample provided was too faint; letters were broken or missing; style of lettering can't produce clear lettering.

SOLUTION: Practice using your seal on another piece of paper first, to make sure it's working properly. Then put a sample on the application form. If the sample on the application isn't perfect, put more samples on additional paper, and send in with your application. Double check to be sure your name is spelled correctly, and that the seal shows your current, full last name.

2. Stamp sample or signature was affixed with invisible ink.

PROBLEM: Seal/stamp sample and/or signature is missing.

SOLUTION: Put a clear sample of your seal/stamp on the application, and sign where indicated. Your signature must match the name on your seal. Signatures must be original - photocopies or signature stamps aren't acceptable.

3. Notary applicant's rap sheet stretches from here to tomorrow.

PROBLEM: Applicant has been convicted of felonies, misdemeanors, is on probation, has unpaid judgments.

SOLUTION: Apply after your probation has ended, judgments are paid, and any other court orders are completed. Get a pardon if you are a convicted felon.

4. Of the 4 required items – fee, application, bond, oath – applicant decided one or two items were enough.

PROBLEM: Applicant submitted only part of the paperwork needed to successfully apply for a notary commission.

SOLUTION: Send the fee with the completed application, bond and oath of office in the same envelope. Partial submittals cannot be held pending receipt of the rest of the required items.

5. Applicant liked the original forms so much, photocopies were sent instead.

PROBLEM: Applicant kept the original application, bond and oath, and sent in photocopies. Photocopies are not acceptable.

SOLUTION: Keep the photocopies and send in the original forms, with original signatures.

6. Surety company agent signed the bond form with invisible ink.

PROBLEM: Surety agent's signature is missing from the bond form.

SOLUTION: Surety agent must sign the bond form. Additionally, the surety company's seal or stamp must appear on the bond, or instead, include a "power of attorney", showing the agent represents the surety company. A receipt showing you paid a fee to your bonding company doesn't qualify.

7. Applicant sent in a bond that was older than dirt.

PROBLEM: Date on the bond form is more than six months prior to the actual date of the notary commission.

SOLUTION: The date the surety company indicates on the bond form should be close to the date your notary commission is issued. Bonds more than six months old will not be accepted for filing.

8. Applicant didn't realize it takes two to tango on an oath of office.

PROBLEM: Oath of office is incomplete, or incorrect. It takes two people to complete an oath.

SOLUTION: The notary applicant appears in person before a notarial officer, who administers the oath to the applicant. Both persons sign the oath. The notary applicant can't complete the entire oath form alone.

9. The notarial officer doesn't know how to tango.

PROBLEM: The portions of the oath of office form that the notarial officer fills in are incomplete or incorrect.

SOLUTION: The notarial officer should know how to complete the oath properly. This includes: making sure the notary applicant appears in person before the officer; witnessing the applicant sign the oath; filling in all blanks, indicating state, county, date, title, expiration date; affixing signature and seal.

10. The check paying the filing fee disintegrated entirely going through the postal system.

PROBLEM: Filing fee was not submitted.

SOLUTION: Send appropriate filing fee along with the application, bond and oath. We are unable to hold your form to match with a check that is mailed separately. Make check payable to "Wisconsin Secretary of State". Be sure to date and sign your check. The filing fee can be paid by personal or business check, money order, or cash. The Office is unable to accept payment by credit card. If your check is not redeemable, you will be charged a bank fee as well as another filing fee. If the filing fee and bank fee aren't paid timely, the commission can't be granted, or if already granted, will be null and void. When you buy a bond, you will need to pay the insurance/surety company a fee. Payment of that fee is separate from the filing fee for the application.
